

Dear Governor Brewer,

I am a resident of Arizona who receives services through the Division of Developmental Disabilities. These services are very important to me and allow me to take an active role in my community.

I am very concerned about the recent announcement that funds for my services are being cut by 10% effective 3-1-09.

The impact of these cuts will drastically reduce the quality of my life.

Thank you for your attention to this matter.

ABE2 ARDO AZON @
